#8661A5
RGB (134, 97, 165)

Bluish Purple has the hex code #8661A5. The equivalent RGB values are (134, 97, 165), which means it is composed of 34% red, 24% green and 42% blue. The CMYK color codes, used in printers, are C:19 M:41 Y:0 K:35. In the HSV/HSB scale, Bluish Purple has a hue of 273°, 41% saturation and a brightness value of 65%.Details of other color codes including equivalent web safe and HTML & CSS colors are given in the table below. Also listed are the closest Pantone® (PMS) and RAL colors.

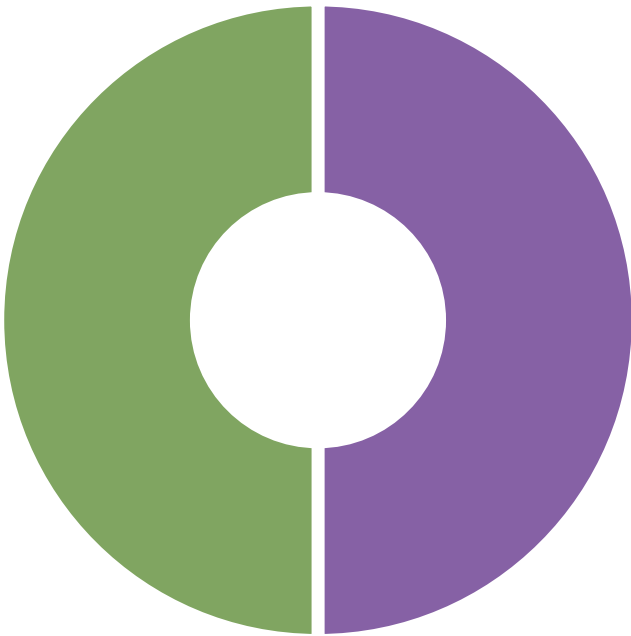

Bluish Purple is not part of the web colors list and, therefore, cannot be used by name in HTML and CSS code. The best way to apply the color to a web page is to put in its hex, RGB or HSL values. Please also note that the Bluish Purple CMYK numbers mentioned on this page are only approximations and have been calculated from the hex code using well-known formulae.

The complement of Bluish Purple is Asparagus with the hex code #80A561. Complementary colors are those found at the opposite ends of the color wheel. Thus, as per the RGB system, the best contrast to #8661A5 color is offered by #80A561. The complementary color palette is easiest to use and work with. Studies have shown that contrasting color palette is the best way to grab a viewer's attention.

8661A5 80A561

A u s P n l t a o g o l e a e

The analogous colors of Bluish Purple (#8661A5) are Pearly Purple (#A561A2) and Dark Blue-Gray (#6461A5). In the RGB color wheel, these two analogous colors occur to the right and left of Bluish Purple with a 30° separation on either side. An analogous color palette is extremely soothing to the eyes and works wonders if your main color is soft or pastel.

8661A5 A561A2 6461A5

C m t- m S p l i P t p o l e n t a r y l e a e

As per the RGB color wheel, the split-complementary colors of Bluish Purple (#8661A5) are #A2A561 (Olive Green) and #61A564 (Forest Green (Crayola)). A split-complementary color palette consists of the main color along with those on either side (30°) of the complementary color. Based on our research, usage of split-complementary palettes is on the rise online, especially in graphics and web sites designs. It may be because it is not as contrasting as the complementary color palette and, hence, results in a combination which is pleasant to the eyes.

Bluish Purple triadic color palette has three colors each of which is separated by 120° in the RGB wheel. Thus, #A58661 (Café Au Lait) and #61A586 (Polished Pine) along with #8661A5 create a stunning and beautiful triadic palette with the maximum variation in hue and, therefore, offering the best possible contrast when taken together.

8661A5 A58661 61A586

T P ettd ric læ e

The tetradic palette of Bluish Purple has four colors - #A58661 (Café Au Lait), #80A561 (Asparagus) and #6180A5 (Rackley) in addition to the base color (#8661A5). A tetradic color palette is complex and, in most cases, should not be used off-the-shelf. We suggest tweaking the colors slightly to achieve desired results.

8661A5 A58661 80A561 6180A5

u P Sqtt ar læ e

Bluish Purple square color palette has #A56461 (Deep Puce), #80A561 (Asparagus) and #61A2A5 (Cadet Blue). Quite like triadic, the hues in a square palette are at the maximum distance from each other, which is 90°. Note: For several colors purposes, a square palette may look much better than the tetrad color palette.

Bluish Purple Rainbow Color Palette

Our Bluish Purple rainbow color palette is based on the RGB model and consists of 7 colors, just like the traditional rainbow. You might not see a lot of variation in color, especially if the chosen color is dark or extremely light. However, this can lead interesting rainbow palettes that are faded, soft, pastel or dull.
