

2012 Nissan Altima Windshield Repair Quote: Average Prices On Common Repairs - MyCarSpecs United States

A 2012 Nissan Altima windshield repair quote varies depending on the type of repair and the auto glass service that you use. A damaged windshield poses a danger to drivers and passengers that can be avoided by having repairs completed as soon as possible.

The price range for the repair or replacement of a windshield is between \$ 20 and \$ 325. This price range reflects the differences in by vehicle type and whether the replacement is for the front or rear windshield. You can often attend to small surface cracks yourself, while cracks that have penetrated the surface need the attention of a qualified auto glass repair technician.

2012 Nissan Altima Windshield Replacement The replacement of the front or rear windshield glass is the most expensive repair, averaging \$ 300 for all vehicle types. A window replacement is required when the length of a crack exceeds 24 inches, or is too big to be repaired safely by the repair shop.

The replacement of a windshield may have additional costs, depending on the type of vehicle. Vehicles with special molding requirements will add up to \$ 20 to the cost of repair. If the windshield has wipers attached, this will result in another \$ 10 to \$ 20 increase in the cost of repair.

Chips and Cracks Chips and cracks occur when debris, such as gravel, hits the windshield, leaving a mark. Damage of this type that scratches the surface of the windshield can be repaired with a \$ 30 Diamondite glass cleaning kit.

You run a fingernail across the surface of the crack and it is caught, this requires the repair to be performed by an auto glass repair shop. This repair will cost between \$ 20 and \$ 60. A mobile service is around \$ 55. The cost to repair a chip or crack is on a per incident basis - that is you will pay for every crack or chip.

The size of the crack will also determine the cost. Chips or cracks that are up to a foot in length will cost \$ 50 to \$ 60 to repair. Those chips and cracks that are between one and two feet in length will cost \$ 60 to \$ 70 to repair.

Average Price by Vehicle Type The cost, on average, to repair a windshield breaks down as follow by type of vehicle:

- Passenger vehicle windshield replacement \$ 157 to \$ 324
- Sports utility vehicle windshield replacement \$ 164 to \$ 290
- Pickup truck windshield replacement \$ 164 to \$ 310
- Minivan windshield replacement \$ 174 to \$ 294

How to Get a 2012 Nissan Altima Windshield Repair Quote

Obtaining a windshield repair quote should be easy to accomplish and take a relative short period of time. Using the Internet to obtain a quote will also allow for you to do a price comparison among different repair shops.

Obtain a List of Windshield Repair Shops Use the Internet to obtain a list of local auto glass repair shops. These shops should be chosen for their reputation and ability to complete the repair of your damaged windshield in a timely and professional manner. A shop that can come to you and complete the repair will rate higher than one where you have to take your 2012 Nissan Altima .

Because the windshield is an important safety component of the 2012 Nissan Altima it is better to choose shops that specialize in auto glass repair as opposed to a dealership or general auto body shop that may not specialize in glass repair.

Request an Online Windshield Repair Quote Choose those auto glass repair shops that offer an online quote form. These shops are easier to obtain information from in order to compare with other auto glass repair facilities. Complete the form in order to make a request for the type of repair that you need to have done to your 2012 Nissan Altima .

Choose between Several Repair Shops and Compare Once you obtain quote information for the repair shops from the online forms, compare the pricing to determine which repair option best fits your budget. You want to be careful and not base your decision solely on price; cheap is not better. An auto glass repair shop that is inexpensive but has a poor reputation will cost you more in the long run than a shop that is a little more expensive but has an excellent reputation.

Select a Windshield Repair Shop After you make your selection, call the auto glass repair shop and make the arrangements for the repair. Use the quote that you receive as the basis for the price you are willing to pay for the service, but understand that the quote is not necessarily a firm price until the repair is actually performed by the shop.

What are my Nissan Altima service options?

If you've suffered a rock chip, severe weather damage, or some other surprise, you shouldn't wait until the damage becomes a danger. When chip happens, rely on the expertise from Safelite for your Nissan windshield repair or replacement. Get a quote and schedule an appointment online.

Glass damage is never expected or convenient. But getting it fixed should be. You can visit your nearest Safelite shop or our mobile auto glass service can come to you. We'll work around your schedule to make things as convenient as we can, quickly getting you and your Altima back on the road. Most of the time, in just a few hours.

Nissan Altima windshield replacement

- 2008 Nissan Altima
- 2015 Nissan Altima

Experts in Nissan Altima glass replacement

Newer Altimas with ProPILOT Assist offer a more connected, confident, and exciting ride than ever, with advanced driver assistance systems like Forward Collision Warning and Lane Departure Warning.

Some of these systems are dependent on proper auto glass installation. Our skilled technicians are trained to accurately recalibrate these systems after windshield replacement.

For windshield and window replacement, we only use glass from leading manufacturers, installed using our proprietary TrueSeal™ system, and backed by the Safelite Advantage.

When only a repair is needed, our exclusive resin helps strengthen and solidify your Altima's glass, and your repair is backed by our Nationwide Lifetime Guarantee.

Either way, you can feel safe and confident your Altima hasn't just been repaired to Safelite standards, but to yours as well.

Nissan Altima windshield replacement cost

Depending on the extent of the damage and its location, total cost will vary. Additional factors may affect final cost as well, including how many advanced driver assistance systems are built into your Altima. We can work with your insurance company to get the best price for your Nissan Altima windshield replacement.

Get a quote and schedule an appointment online. For ultimate accuracy, be specific about your damage, and provide your VIN number to ensure we have the exact glass you need.
