How much does it cost to replace glass on a Acura RSX?

The cost of replacing your Acura's Auto Glass depends on a number of factors, including:

Model year

Glass Opening:

Windshield Replacement

- Side Glass (Door Glass, Vent Glass, Quarter Glass)
- Back Glass (Also called, Rear Windshield or Rear Glass)
- Technology Options on your glass, such as rain sensors, adaptive cruise control, etc.

Windshield Repair

- Chipped Windshield Repair
- Scratched Windshield Repair
- Cracked Windshield Repair

Location -- part and labor prices vary depending on where you live.

But what we can do is share with you some of the quotes customers like yourself have recently received on Glass.net.

Acura RSX Windshield Replacement Costs and Quotes - Emergency Glass Repair

• Acura RSX Windshield

The Acura RSX is a sport hatchback with six auto glass parts that offers nimble handling and excellent steering control. This car came in two versions during its 2002 to 2006 production run with options such as a moon roof, power windows/ mirrors, climate control etc on offer. Mention the options that your car comes with when you sign up for Acura RSX Windshield service to give the technician an accurate idea of the model you drive. This will help him source the right parts for the service well in time.

Professional Service for Auto Glass Parts

When you need any kind of Acura RSX Windshield or auto glass service, always choose qualified and well trained professionals for the job. Amateurs may offer cheaper services but these are not likely to be as effective or long lasting. In the long run, you may actually spend more when you opt for a cheap repair by an unskilled technician. Here are some reasons why:

The low cost quoted may mean that warranties are not offered on the repair job Cheap, poor quality spares may be used. For example, imported glass may have distortions that impair visibility The technician may not be aware of the care to be taken during glass removal/ cutout and he may damage the parts/ glass Some auto glass fittings may vary from vehicle to vehicle and only experienced and trained professionals may be able to source the correct parts to enable flawless service outcomes

Keeping Auto Glass Service Costs Low

Comparison shopping is a great way to keep your auto glass service costs low. However, you should have an idea of what market rates are like before you do this. To repair three to five cracks on your front Acura RSX Windshield you may spend about \$175 but replacements are significantly costlier at around \$315 for the same auto glass component (Safelite.com estimates).

Look for shops that use OEM glass and high quality spares since these offer the best value for your money. Cost of spares and labor may vary from location to location and this skews pricing too. The best option for you when you need affordably priced Acura RSX Windshield service is to call in a technician listed in our directory and ask for a free no-obligation quote. We research all the shops in each neighborhood to locate the one offering the best service at the most reasonable prices.

Acura RSX Price Breakdown

Nation-wide costs for Acura RSX auto glass

These are national highs, lows, and averages over the lifetime of specific year, make, models and glass types. Parts, labor, and the year the repair was done will affect pricing.

**About Acura**

Acura is a luxury division of Honda-produced vehicles. In 1986, Honda introduced the sub-brand to the North American automotive market. The brand offers a range of luxury vehicles known for their precision engineering and cutting-edge technology.

Brand recognition is everything; that is why Acura uses shorter model names, including an X - from the central letter in the word LUXURY.

Acura cars are built with the utmost attention to detail, reflected in their high quality and excellent performance. In recent years, the company has expanded its offerings to include SUVs and crossover vehicles, giving customers even more

choice.

Whether you're looking for a sophisticated sedan or a versatile SUV, Acura has a vehicle to suit your needs.

We have made auto glass replacement easy for Acura owners regardless of whether you need to replace your vehicle's front windshield, rear window, or side window.

Auto glass prices incl. fitting (from)

- Windshield price \$368.33
- Side window price \$311.26
- Rear window price \$290.30

Windshield replacement cost example: Acura MDX windshield price

Trademark disclaimer

Everything you need to know for a successful Acura RSX windshield replacement simple and online booking

The cost of a Acura RSX Windshield Replacement price starts from 253,13\$

Of course. You'll have the option to select the windshield you want after responding to the questions on the website.

We offer nationwide lifetime warranty. Just let us know if anything has gone wrong and we'll come out to repair it immediately. Please see our terms and conditions for more details.

Most customers book our mobile service, as this solution is time efficient. We replace your auto glass at your location, such as the driveway, parking lot, or garage. This ensures you get back on the road quickly. When entering your address, you will also see if there is a garage near you for this replacement service.

We need just two things from you: a key (or access) to your car and a little space around the vehicle where our technician can move.

On average, our technicians need one hour (or less) to complete an auto glass replacement. For more complex replacements, the technician needs a longer time, for instance, when we need to calibrate the ADAS systems in your windshield.

Be aware that your vehicle should be left stationary for at least 30 minutes after the glass replacement. This "dry-up" period involves all replacements where an adhesive so it has the time to bond effectively.

The technician never leaves the location until everything is working properly. Use our online booking system to make an auto glass service appointment today.

When you initiate the step-by-step ordering process, you begin by filling out the glass type, car's brand, model, and manufacturing year. It's easy to choose the car glass you need as you progress through the form.

We will also do parts check for your vehicle to ensure you get the correct auto glass for your car model.

How much does an Acura RSX windshield replacement cost? | Jerry

- Home
- Questions

The cost of your Acura RSX windshield replacement depends on the year of your RSX and the features of your windshield. The average cost for the windshield part is about \$450, but if you have rain sensors or a lane departure system, you can expect to pay more.

Check with your insurance provider to see if your comprehensive coverage can save you money on your windshield replacement.

Speaking of saving money, you could save \$800+ on car insurance every year with Jerry, the insurance super app! Just download the app, answer a few questions, and get a free, customized quote in seconds that could save you hundreds every year.

About Acura

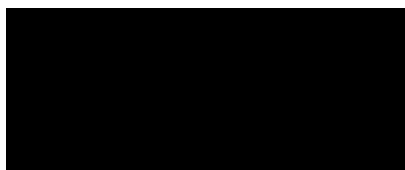

Acura is a luxury division of Honda-produced vehicles. In 1986, Honda introduced the sub-brand to the North American automotive market. The brand offers a range of luxury vehicles known for their precision engineering and cutting-edge technology.

Brand recognition is everything; that is why Acura uses shorter model names, including an X - from the central letter in the word LUXURY.

Acura cars are built with the utmost attention to detail, reflected in their high quality and excellent performance. In recent years, the company has expanded its offerings to include SUVs and crossover vehicles, giving customers even more choice.

Whether you're looking for a sophisticated sedan or a versatile SUV, Acura has a vehicle to suit your needs.

We have made auto glass replacement easy for Acura owners regardless of whether you need to replace your vehicle's front windshield, rear window, or side window.

Auto glass prices incl. fitting (from)

- Windshield price \$368.33
- Side window price \$311.26
- Rear window price \$290.30

Everything you need to know for a successful Acura windshield replacement simple and online booking

The cost of a Acura Windshield Replacement starts from 251,13\$

Of course. You'll have the option to select the windshield you want after responding to the questions on the website.

We offer nationwide lifetime warranty. Just let us know if anything has gone wrong and we'll come out to repair it immediately. Please see our terms and conditions for more details.

Most customers book our mobile service, as this solution is time efficient. We replace your auto glass at your location, such as the driveway, parking lot, or garage. This ensures you get back on the road quickly. When entering your address, you will also see if there is a garage near you for this replacement service.

We need just two things from you: a key (or access) to your car and a little space around the vehicle where our technician can move.

On average, our technicians need one hour (or less) to complete an auto glass replacement. For more complex replacements, the technician needs a longer time, for instance, when we need to calibrate the ADAS systems in your windshield.

Be aware that your vehicle should be left stationary for at least 30 minutes after the glass replacement. This "dry-up" period involves all replacements where an adhesive so it has the time to bond effectively.

The technician never leaves the location until everything is working properly. Use our online booking system to make an auto glass service appointment today.

When you initiate the step-by-step ordering process, you begin by filling out the glass type, car's brand, model, and manufacturing year. It's easy to choose the car glass you need as you progress through the form.

We will also do parts check for your vehicle to ensure you get the correct auto glass for your car model.

Acura Windshield & Auto Glass Replacements| Safelite

What are my Acura service options?

When to get Acura auto glass service

Whether you've suffered a rock chip, severe weather damage, or some other unexpected surprise, you can rely on our technicians' Acura windshield replacement expertise and confidently book your appointment today.

Acura windshield replacement cost

When quoting your Acura glass service cost, we consider the size of the damage, if full glass replacement is actually required, or if you just need a repair. Other factors include your Acura's year, model, and any built-in advanced safety systems technology.

Get a quote and schedule an appointment online. For ultimate accuracy, be specific about your damage and provide your vehicle identification number (VIN) to ensure we have the exact glass you need.

Acura RSX Windshield & Window Replacements | Safelite

What are my Acura RSX service options?

Glass damage is never expected or convenient. But getting it fixed should be. You can visit your nearest Safelite shop or our mobile auto glass service can come to you. We'll work around your schedule to make things as convenient as we can, quickly getting you and your RSX back on the road. Most of the time, in just a few hours. Get a quote and schedule an appointment online.

Experts in Acura RSX glass replacement

Our skilled technicians are trained to accurately and efficiently replace RSX window glass—and have, tens of thousands of times.

For windshield and window replacement, we only use glass from leading manufacturers, installed using our proprietary TrueSeal™ system and backed by the Safelite Advantage.

When only a repair is needed, our exclusive resin helps strengthen and solidify your RSX's glass, and your repair is backed by our Nationwide Lifetime Guarantee.

Either way, you can feel safe and confident your RSX hasn't just been repaired to Safelite standards, but to yours as well.

Acura RSX windshield replacement cost

Depending on the extent of the damage and its location, total cost will vary. Specific features integrated into the windshield may affect final cost as well. We can work with your insurance company to get the best price for your Acura RSX windshield replacement.

Get a quote and schedule an appointment online. For ultimate accuracy, be specific about your damage and provide your vehicle identification number (VIN) to ensure we have the exact glass you need.
